

DonateLife Northern Territory Young Writers Micro fiction Competition

Writing for Life

What if your words had the power to save lives?

Donation of organs and tissues helps to save and improve the lives of hundreds of Australians every year. Unfortunately many Australians are still waiting to receive the opportunity of a transplant.

After the death of a family member, at a time of immense grief, many families make the decision to donate their loved one's organs to save the lives of others.

Patients can wait months or even years to receive a transplant and some patients pass away from their illnesses while on the organ transplant waiting list.

The Writing for Life competition asks students aged 13 to 18 years of age to think critically and to write creatively. What if their words had the power to save lives? Imagine if you were waiting for a transplant or were asked to donate a loved one's organs.

How to Enter

Fill in the attached entry form and submit it with your entry via email to laine.jolly@nt.gov.au or by post to:

Laine Jolly
DonateLife NT
PO Box 41326
Casuarina NT 0811
